INTRODUCTION

The Financial Accountability Rating System of Texas (FIRST) was developed by the Texas Education Agency (TEA) in response to Senate Bill 875 of the 76th Texas Legislature in 1999. It is administered by TEA and calculated on information submitted to TEA via our Public Education Information Management System (PEIMS) submission each year.

During the 77th regular session of the Texas Legislature in 2001, Senate Bill 218 was passed and signed into law by Governor Perry shortly thereafter. This law requires each school district to prepare an annual financial accountability report, within two months of receiving the official ratings. The primary goal of FIRST is to achieve quality performance in the management of school districts' financial resources, a goal made more significant due to the complexity of accounting associated with Texas' school finance system.

The primary objective of the rating system is to assess the quality of financial management in Texas public schools. A secondary objective is to measure and report the extent to which financial resources in Texas public schools assure the maximum allocation possible for direct instructional purposes. Other objectives reflect the implementation of a rating system that fairly and equitably evaluates the quality of financial management decisions.

Major changes to the FIRST system were implemented by TEA in August 2015 that combined financial indicators with financial solvency indicators, in accordance with House Bill 5 of the 83rd Texas Legislature in 2013. These changes were phased-in over three years. The 2019-2020 rating (based on 2018-2019 data) FIRST report consists of 15 base indicators, one of which was not scored by TEA.

The FIRST accountability rating system assigns one of four financial accountability ratings to Texas school districts: "A" for "Superior"; "B" for "Above Standard"; "C" for "Meets Standard"; and "F" for "Substandard Achievement." Districts that receive the "Substandard Achievement" ratings under FIRST must file a corrective action plan with TEA.

Within two months after receipt of the final FIRST rating, each school district must announce and hold a public hearing to distribute a financial management report that explains the district's performance under each of the 15 base indicators and the district's rating. Besides covering the results from the FIRST accountability rating system, this report covers other business-related issues including discussion of the district's financial position. A glossary is added to provide additional explanations of terms used in the report and in financial discussions.

This is the 18th year of the FIRST rating system. Waller Independent School District currently has a rating of "Above Standard" for 2019-2020 based on the 2018-2019 fiscal year, with 12 out of 15 indicators receiving the highest possible point total. This report briefly focuses on the details of what the district has accomplished to obtain this rating.

DATE:	November 6, 2020
SUBJECT:	Official Notification of the 2019–2020 Release of Final FIRST Ratings
CATEGORY:	Information Update
NEXT STEPS:	Required Reporting

Final 2019–2020 Financial Integrity Rating System of Texas (FIRST) ratings based on fiscal year 2019 are now publicly available on the Texas Education Agency (TEA) website:

- [School districts](#)
- [Open-enrollment charter schools and charter schools operated by Institutions of Higher Education \(IHE\)](#)

A previous “To the Administrator Addressed” letter dated August 6, 2020, instructed your school district or charter school (local education agency or LEA) to view its *preliminary* FIRST rating. The letter also provided information about the data the TEA analyzes to produce the rating and described the appeal process available to your LEA. This appeals process is now complete, and the FIRST ratings are final.

Required Reporting

Within two months of the release of its final FIRST rating, your LEA must announce and hold a public meeting to distribute a financial management report that explains the LEA’s rating and its performance under each indicator for the current and previous year’s ratings. The report also must provide the financial information described in [19 Texas Administrative Code \(TAC\) §109.1001\(q\)\(3\)](#). We encourage your LEA to include in the report additional information that will be beneficial to stakeholders, especially information explaining any special circumstances that may have affected the LEA’s performance under one or more of the indicators.

The required newspaper notice to inform taxpayers of the meeting must be published no more than 30 days and no fewer than 10 days before the public meeting. Your LEA may combine the meeting with a scheduled regular meeting of the board of trustees.

For full requirements related to the report and meeting, see [19 TAC §109.1001\(q\)](#). For a template that your LEA can use in developing its financial management report, see the TEA [School FIRST](#) web page for school districts or [FIRST Rating for Charter Schools](#) web page.

Special Note on Required Reporting During the COVID-19 Pandemic

A district or charter school may hold a virtual hearing and take virtual testimony in conformance with [COVID-19 resources and guidelines](#) published by the Office of the Attorney General and Texas Department of Information Resources. TEA will consider a hearing held in conformance with such resources and guidelines as compliant with the hearing location and participation requirements of 19 TAC §109.1001(q)(4). The district must, however, continue to follow all other hearing-related and notice requirements of the rule.

Accreditation Status

Please note that the TEA considers an LEA's FIRST rating when assigning an accreditation status, as required by the accreditation status rules in [19 TAC §97.1055](#).

FIRST 5.9.1.0

2019-20 FIRST Rating
Based on School Year 2018-19 Data
Explanation of Indicators and Indicator Results

- 1. Was the complete annual financial report and data submitted to the TEA within 30 days of the November 27 or January 28 deadline depending on the school district's fiscal year end date of June 30 or August 31, respectively?**

Explanation of Indicator: This indicator seeks to make certain the district has filed the annual financial report by the required deadline.

Indicator Results/Points: Yes/Passed; Waller ISD's annual financial report was due to TEA on January 28, 2020 and received by TEA on December 17, 2019.

- 2. Review the annual financial report for an unmodified opinion and material weaknesses. The school district must pass 2.A to pass this indicator. The school district fails indicator number 2 if it responds "No" to indicator 2.A. or to both indicators 2.A and 2.B.**

2.A Was there an unmodified opinion in the annual financial report on the financial statements as a whole? (The American Institute of Certified Public Accountants (AICPA) defines unmodified opinion. The external independent auditor determines if there was an unmodified opinion.)

Explanation of Indicator: A "modified" opinion on a financial report means that the district needs to correct some of our reporting or financial controls. A district's goal, therefore, is to receive an "unmodified opinion" on its annual financial report.

Indicator Results/Points: Yes/Passed; Waller ISD's annual financial report received an unmodified opinion.

2.B Did the external independent auditor report that the annual financial report was free of any instance(s) of material weaknesses in internal controls over financial reporting and compliance for local, state, or federal funds? (The AICPA defines material weakness.)

Explanation of Indicator: A clean audit of your annual financial report would state that Waller ISD has no material weaknesses in internal controls. Any internal weaknesses create a risk of Waller ISD not being able to properly account for its use of public funds and should be immediately addressed.

Indicator Results/Points: Yes/Passed; the external independent auditor reported that the annual financial report was free of any instances of material weaknesses in internal controls over financial reporting.

- 3. Was the school district in compliance with the payment terms of all debt agreements at fiscal year-end? (If the school district was in default in a prior fiscal year, an exemption applies in following years if the school district is current on its forbearance or payment plan with the lender and the payments are made on schedule for the fiscal year being rated. Also exempted are technical defaults that are not related to monetary defaults. A technical default is a failure to uphold the terms of a debt covenant, contract, or master promissory note even though payments to the lender, trust, or sinking fund are current. A debt agreement is a legal**

agreement between a debtor (= person, company, etc. that owes money) and their creditors, which includes a plan for paying back the debt.)

Explanation of Indicator: This indicator seeks to make certain that Waller ISD has timely paid all bills/obligations, including financing arrangements to pay for school construction, school buses, photocopiers, etc.

Indicator Results/Points: Yes/Passed; Waller ISD's annual financial report did not have any disclosures concerning default on bonded indebtedness obligations and were able to make all bond payments.

4. Did the school district make timely payments to the Teachers Retirement System (TRS), Texas Workforce Commission (TWC), Internal Revenue Service (IRS), and other government agencies?

Explanation of Indicator: This indicator seeks to make sure the district fulfilled its obligation to the TRS, TWC and IRS to transfer payroll withholdings and to fulfill any additional payroll-related obligations required to be paid by the district.

Indicator Results/Points: Yes/Passed; Waller ISD fulfilled its payroll obligations.

5. This indicator was not scored for this FIRST Rating.

6. Was the number of days of cash on hand and current investments in the general fund for the school district sufficient to cover operating expenditures (excluding facilities acquisition and construction)? See ranges below.

Explanation of Indicator: This indicator measures how long in days after the end of the fiscal year the school district could have disbursed funds for its operating expenditures without receiving any new revenues. Did you meet or exceed the target amount in the FIRST report?

Indicator Results/Points: 4 points; the number of days of cash on hand and current investments in the general fund were 56.1201 days.

10 points	8 points	6 points	4 points	2 points	0 points
≥ 90	< 90 ≥ 75	< 74 ≥ 60	< 60 ≥ 45	< 45 ≥ 30	< 30

7. Was the measure of current assets to current liabilities ratio for the school district sufficient to cover short-term debt? See ranges below.

Explanation of Indicator: This indicator measures whether the school district had sufficient short-term assets at the end of the fiscal year to pay off its short-term liabilities. Did you meet or exceed the target amount in the FIRST report?

Indicator Results/Points: 10 points; the current assets to current liabilities ratio was 3.8142.

10 points	8 points	6 points	4 points	2 points	0 points
≥ 3.00	< 3.00 ≥ 2.50	< 2.50 ≥ 2.00	< 2.00 ≥ 1.50	< 1.50 ≥ 1.00	< 1.00

- 8. Was the ratio of long-term liabilities to total assets for the school district sufficient to support long-term solvency? If the school district's change of students in membership over 5 years was 7 percent or more, then the school district passes this indicator. See ranges below.**

Explanation of Indicator: This question is like asking someone if their mortgage exceeds the market value of their home. Were you below the cap for this ratio in the FIRST report? Fortunately, this indicator recognizes that high growth districts incur additional costs to open new instructional campuses.

Indicator Results/Points: 10 points; the ratio of long-term liabilities to total assets is 0.6941. The change of student membership over 5 years was 0.1842; therefore, it is an automatic pass.

10 points	8 points	6 points	4 points	2 points	0 points
≤ 0.60	> 0.60	> 0.70	> 0.80	> 0.90	> 1.00
	≤ 0.70	≤ 0.80	≤ 0.90	≤ 1.00	

- 9. Did the school district's general fund revenues equal or exceed expenditures (excluding facilities acquisition and construction)? If not, was the school district's number of days of cash on hand greater than or equal to 60 days?**

Explanation of Indicator: This indicator simply asks, "Did you spend more than you earned?" The school district will automatically pass this indicator, if the school district had at least 60 days cash on hand.

Indicator Results/Points: 0 points; The general operating fund expenditures exceeded revenues; and the number of days of cash on hand was 56.1201 days which is less than the 60 days required to receive points for this indicator.

- 10. Was the debt service coverage ratio sufficient to meet the required debt service? See ranges below.**

Explanation of Indicator: This indicator asks about the school district's ability to make debt principal and interest payments that will become due during the year.

Indicator Results/Points: 10 points; the debt service coverage ratio was 2.3995.

10 points	8 points	6 points	4 points	2 points	0 points
≥ 1.20	< 1.20	< 1.15	< 1.10	< 1.05	< 1.00
	≥ 1.15	≥ 1.10	≥ 1.05	≥ 1.00	

- 11. Was the school district's administrative cost ratio equal to or less than the threshold ratio? See ranges below.**

Explanation of Indicator: This indicator measures the percentage of their budget that Texas school districts spent on administration.

Indicator Results/Points: 8 points; the administrative cost ratio for Waller ISD was 0.115.

10 points	8 points	6 points	4 points	2 points	0 points
≤ 0.1000	> 0.1000	> 0.1250	> 0.1500	> 0.1750	> 0.2000
	≤ 0.1250	≤ 0.1500	≤ 0.1750	≤ 0.2000	

- 12. Did the school district not have a 15 percent decline in the students to staff ratio over 3 years (total enrollment to total staff)? (If the student enrollment did not decrease, the school district will automatically pass this indicator.)**

Explanation of Indicator: If the school district had a decline in students over 3 school years, this indicator asks if the school district decreased the number of the staff on the payroll in proportion to the decline in students. The school district automatically passes this indicator if there was no decline in students.

Indicator Results/Points: 10 points; there was not a decline in student enrollment.

- 13. Did the comparison of Public Education Information Management System (PEIMS) data to like information in the school district's annual financial report result in a total variance of less than 3 percent of all expenditures by function?**

Explanation of Indicator: This indicator measures the quality of data reported to PEIMS and in our annual financial report to make certain that the data reported in each case "matches up." If the difference in numbers reported in any fund type is 3 percent or more, your district "fails" this measure.

Indicator Results/Points: 10 points; the PEIMS data variance was less than 3 percent.

- 14. Did the external independent auditor indicate the annual financial report was free of any instance(s) of material noncompliance for grants, contracts, and laws related to local, state, or federal funds? (The AICPA defines material noncompliance.)**

Explanation of Indicator: A clean audit of your annual financial report would state that your district has no material weaknesses in internal controls. Any internal weaknesses create a risk of your district not being able to properly account for its use of public funds and should be immediately addressed.

Indicator Results/Points: 10 points; the external independent auditor reported that the annual financial report was free of any instances of material noncompliance for grants, contracts and laws.

- 15. Did the school district not receive an adjusted repayment schedule for more than one fiscal year for an over allocation of Foundation School Program (FSP) funds as a result of a financial hardship?**

Explanation of Indicator: This indicator asks if the district had to ask for an easy payment plan to return monies to TEA after spending the overpayment from the Foundation School Program state aid.

Indicator Results/Points: 10 points; Waller ISD did not receive an adjusted repayment schedule as a result of a financial hardship.

Specifically, it shall be the duty of the Superintendent to recommend to the Board or employ personnel of the District in accordance with the Board's policies. It shall be the further duty of the Superintendent to direct, assign, reassign, and evaluate all of the employees of the District consistent with Board policies and federal and state law. It shall be the further duty of the Superintendent to organize, reorganize, and arrange the staff of the District, and to

It shall be the further duty of the Superintendent to accept all resignations of employees of the District consistent with the Board's policies, except the Superintendent's resignation, which may only be accepted by the Board. The Superintendent shall perform the duties of the Superintendent of Schools for the District with reasonable care, diligence, skill, and expertise. All duties assigned to the Superintendent by the Board shall be appropriate to and consistent with the professional role and responsibility of the Superintendent.

2.2 Professional Certification. The Superintendent shall at all times during the term of this Contract, and any renewal or extension thereof, hold and maintain a valid certificate required of a superintendent by the State of Texas and issued by the State Board for Educator Certification or the Texas Education Agency and any other certificates required by law.

2.3 Reassignment. The Superintendent cannot be reassigned from the position of Superintendent to another position without the Superintendent's express written consent.

2.4 Board Meetings. The Superintendent shall attend all meetings of the Board, both public and closed, with the exception of those closed meetings devoted to the consideration of any action or lack of action on the Superintendent's Contract, or the Superintendent's evaluation, or for purposes of resolving conflicts between individual Board members, or when the Board is acting in its capacity as a tribunal. In the event of illness or Board-approved absence, the Superintendent's designee shall attend such meetings.

2.5 Criticisms, Complaints, and Suggestions. The Board, individually and collectively, shall refer in a timely manner all substantive criticisms, complaints, and suggestions called to the Board's attention either: (a) to the Superintendent for study and/or appropriate action, and the Superintendent shall refer such matter(s) to the appropriate District employee or shall investigate such matter(s) and shall within a reasonable time inform the Board of the results of such efforts; or, (b) to the appropriate complaint resolution procedure as established by District Board policies.

2.6 Indemnification. To the extent it may be permitted to do by applicable law, including, but not limited to Texas Civil Practice & Remedies Code Chapter 102, the District does hereby agree to defend, hold harmless, and indemnify Superintendent from any and all demands, claims, suits, actions, judgments, expenses and attorneys' fees incurred in any legal proceedings brought against Superintendent in the Superintendent's individual or official capacity as an employee and as Superintendent of the District, providing the incident(s), which is (are) the basis of any such demand, claim, suits, actions, judgments, expenses and attorneys' fees, arose or does arise in the future from an act or omission of Superintendent as an employee of the District, acting within the course and scope of Superintendent's employment with the District; excluding, however, any

such demand, claim, suits, actions, judgments, expenses and attorneys' fees for those claims or any causes of action where it is determined that Superintendent committed official misconduct, or committed a willful or wrongful act or omission, or an act or omission constituting gross negligence, or acted in bad faith; and excluding any costs, fees, expenses or damages that would be recoverable or payable under an insurance contract, held either by the District or by Superintendent. The selection of Superintendent's legal counsel shall be with the mutual agreement of Superintendent and the District if such legal counsel is not also District's legal counsel. A legal defense may be provided through insurance coverage, in which case Superintendent's right to agree to legal counsel provided for him will depend on the terms of the applicable insurance contract. To the extent this Section 2.6 exceeds the authority provided and limitations imposed by Texas Civil Practice & Remedies Code, Chapter 102, it shall be construed and modified accordingly. The provisions of this Section 2.6 shall survive the termination of this contract.

III. Compensation

3.1 Salary. The District shall provide the Superintendent with an annual salary in the sum of one hundred ninety-five thousand dollars (\$195,000.00) predicated on 226 work days each year. This annual salary rate shall be paid to the Superintendent in equal installments consistent with the Board's policies.

3.2 Salary Adjustments. At any time during the term of this Contract, the Board may, in its discretion, review and adjust the salary of the Superintendent, but in no event shall the Superintendent be paid less than the salary set forth in Section 3.1 of this Contract except by mutual agreement of the two parties or on a temporary basis in accordance with Section 21.4021 or Section 21.4032 of the Texas Education Code. Such adjustments, if any, shall be made pursuant to lawful Board action. Except for circumstances making a widespread salary reduction or furlough necessary, the parties agree to provide their best efforts and reasonable cooperation to execute a new contract or contract amendment incorporating the adjusted salary. Subject to and without waiving any Constitutional and/or other challenges by the Superintendent, the Superintendent acknowledges that the District may have certain rights pursuant to Texas Education Code Sections 21.4021 and/or 21.4032. Once the exigent financial conditions of the District making a widespread salary reduction necessary under Section 21.4032 of the Texas Education Code no longer exist, the Superintendent's annual salary shall return to the sum set forth in Section 3.1 of this Contract. If the Board implements a furlough under Texas Education Code section 21.4021, the Superintendent shall be furloughed for the same number of days as other contract personnel and the Superintendent's salary shall be reduced in proportion to the number of furlough days.

3.3 Vacation, Holiday and Personal Leave. The Superintendent may take, at the Superintendent's choice, the same number of days of vacation authorized by policies adopted by the Board for administrators on twelve-month contracts, the days to be in a single period or at different times. More than five (5) consecutive work days require approval of the Board President, which shall not be unreasonably withheld. The vacation

days taken by the Superintendent will be taken at such time or times as will least interfere with the performance of the Superintendent's duties as set forth in this Contract. Accrued but unused vacation days, up to a maximum of ten (10) days annually, shall accumulate and carry forward from year to year during the term of this Contract for a total of no more than fifty (50) days total accumulation. The Superintendent shall observe the same legal holidays and receive the same sick leave and personal leave benefits as authorized by Board policies for administrative employees who serve 226 duty days each year.

3.4 Insurance. The District shall pay the same premiums for hospitalization and major medical insurance coverage for the Superintendent pursuant to the group health care plan provided by the District for its administrative employees.

3.5 Professional Growth. The Superintendent shall devote the Superintendent's time, attention, and energy to the direction, administration, and supervision of the District. The Board, however, encourages the continued professional growth of the Superintendent through the Superintendent's active attendance at and participation in appropriate professional meetings at the local, regional, state and national levels. The Board shall encourage the use of data and information sources, and shall encourage the participation of the Superintendent in pertinent education seminars and courses offered by public or private institutions or by educational associations, as well as the participation in informational meetings with those individuals whose particular skills, expertise, or backgrounds would serve to improve the capacity of the Superintendent to perform the Superintendent's professional responsibilities for the District. In its encouragement of the Superintendent to grow professionally, the Board shall permit a reasonable amount of release time for the Superintendent as the Superintendent and the Board deem appropriate, to attend such seminars, courses or meetings. The District shall pay the Superintendent's membership dues in relevant professional organizations. The District shall bear the reasonable cost and expense for registration, travel, meals, lodging, and other related expenses for such attendance and membership with notice to the Board.

3.6 Civic Activities. The Board encourages the Superintendent to become a member of and participate in community and civic affairs, including the Waller Economic Development Corporation, civic clubs, governmental committees, and educational organizations.
